

2022-23 MSEP Data Report

Midwest Student Exchange Program (MSEP)

AUGUST 2023

ABOUT THE MSEP

INTRODUCTION

The Midwestern Higher Education Compact (MHEC) helps improve access to postsecondary education through the Midwest Student Exchange Program (MSEP). Since 1994, the MSEP has provided more affordable opportunities for students to attend out-of-state institutions. The MSEP serves as the Midwest’s largest multi-state tuition reciprocity program. Over 70 colleges and universities in Indiana, Kansas, Minnesota, Missouri, Nebraska, North Dakota, Ohio, and Wisconsin have opened their doors to each other’s citizens at more affordable rates for undergraduates and some graduate students. Although the MHEC is composed of 12 Midwestern states, the MSEP is a voluntary program (as are all MHEC programs) with Illinois, Iowa, Michigan, and South Dakota electing not to participate in the 2023 fiscal year.

This report shares data on the impact of MSEP on students and institutions, including student cost savings, enrollment by institution and by state, and degree program participation.

HOW DOES IT WORK?

MHEC makes it easy for counselors, parents and students to find information about institutions participating in the MSEP by using the online search tool at <https://msep.mhec.org>. Through the program, public institutions agree to charge students no more than 150% of the in-state resident tuition rate and private institutions offer a 10% reduction on their tuition rates. Institutions may limit MSEP to specific programs or degree

levels. Students must enroll as a non-resident student at a participating MSEP campus to receive the discount. Actual savings through the program will vary from institution to institution depending upon the tuition rates.
